

The NC General Assembly passed too few bills to produce a complete scorecard this year, and lawmakers have yet to officially end this session.

Before heading to the ballot box this November, consider how your representatives have historically voted on the environment and democracy. Review their lifetime scores below.

Biggest Stories of the Year:

- **Duke Energy:** How state leaders allow monopoly utility price hikes on families.
- **Data Centers:** How lawmakers use data centers to justify dirty energy, while tech billionaires leave North Carolinians paying the bill for their massive energy needs.
- **PFAS Pollution:** State lawmakers' failure to clean up these carcinogenic chemicals.
- **Voting & Accountability:** How politicians are trying to restrict access to the ballot box.
